National-level sports facility at IIT soon

A national level sports facility will come up on the Jatni campus of Indian Institute of Technology Bhubaneswar. According to the authorities, the facility will be ready in a month's time. The facility is being built over 22 acres. "It houses facilities for both indoor and outdoor sports. The facility is likely to get ready within a month," said IIT Bhubaneswar director, RV Raja Kumar. The project was conceived three years back. The construction of the facility started last year. The sports complex will have a modern student activity centre, facility for yoga, basketball, squash, badminton courts. Separate facilities will be built for hockey, football, volleyball and cricket.
