AICTE QIP SHORT TERM COURSE

on

"Enhancing Communication; Empowering Technocrats"

1 June to 5 June, 2020

COURSE RATIONALE AND OBJECTIVES

It is not enough that students of technology and management are able to speak and write in effective English; they must also know how to express their ideas by using the appropriate means of communication.

For the said purpose, the teachers of English from Engineering and Management colleges need to be trained in concepts of professional communication such as interpersonal communication, intrapersonal communication, intercultural communication and organizational communication etc. They can thus train the future technocrats and managers to become effective communicators and consequently, preferred employees in their chosen fields of work and study.

This Short Term Course, by means of training teachers of English and Communication in Engineering and Management colleges across the country in the contemporary knowhow of English Language teaching through a communicative approach, shall contribute to the grooming of the future technocrats of this country so that they can exhibit a fluent tongue and appropriate means of communicative ability, thus enhancing their employability and productivity for the further progress of the nation.

RESOURCE PERSONS

The resource faculty includes experts from IIT Bhubaneswar and from other reputed institutions / organizations.

COURSE DURATION & VENUE

The course is of one week duration from 01 – 05 June 2020. Classes will be held at IIT Bhubaneswar, Bhubaneswar.

ELIGIBILITY

The course is open to the faculty members / researchers of AICTE approved engineering colleges, practicing language teachers from industries and government organizations / departments. No course fee would be charged for first 30 participants sponsored by AICTE approved institutions. Participants from other government and private organizations are eligible subjected to submission of a registration fees as per Table 1.

ABOUT INDIAN INSTITUTE OF TECHNOLOGY BHUBANESWAR:

IIT Bhubaneswar, established by the Ministry of Human Resource Development, Government of India under The Institutes of Technology (Amendment) Act, 2011 came into existence on 22nd July, 2008. The Institute strives to offer the best engineering education with unmatched novelties in curriculum. Within a short span of incipience, IIT BBS has made rapid strides towards becoming one of the elite technology institute of India spurred by sustained creation of knowledge and innovation, through high quality R&D activities and commitment to holistic education as students get exposed to a wide variety of activities through societies and clubs, involving liberal arts, design, dramatics, robotics, music, dance and sports, instilling them with social awareness, a spirit of innovation, entrepreneurship and a thirst of discovery. All academic activities of the Institute are being carried out from the picturesque permanent campus at Argul, spreading over 936 acres of land of serene and pollution-free academic environment, in the state of Odisha, India. It is located on the feet of the historic and magnificent Barunei Hills.
