IIT BHUBANESWAR ADMITS FRESH BATCH OF B.TECH STUDENTS TODAY

IIT Bhubaneswar registered its fresh batch of B.Tech students today at its permanent campus. Out of the 178 students, who took admission, 160 have reported and registered for course work by today evening. Many of the remaining students are expected to arrive by tomorrow for registration. The Institute provided single seated accommodation to the students in the hostels at its permanent campus. Classes for the freshers would begin on 27th of this month.

Prof. R. V. Raja Kumar, Director, Dr. N. C. Sahoo, Dean (Academic Affairs) and Prof. S.K. Mahapatra, Dean(Student Affairs) addressed the students. The director also held an interactive sessions and answered the concerns raised and questions put by them. Every student was also accompanied by at least one of his/her parents and the Institute provided accommodation and boarding to them in the hostels and guest house at its permanent campus. Parents of the students expressed their happiness and mentioned that all of their concerns were dispelled, expressed confidence and happiness for having admitted their wards at IIT Bhubaneswar.

The Counselling Team of the Institute comprising of some faculty advisers and senior students have rendered excellent support to them. The parents have acknowledged that they were touched by when they received the pleasant, unexpected and volunteered telephone calls offering guidance from the Counselling Team. The Director congratulated the students and parents for the successful admission and assured the fresh students and their parents that the Institute is committed and would offer education of extremely high standards, which is not short of any of the established IITs. Introduction to the academics and students activities were given by the Dean(Academic Affairs) and Dean(Student Affairs), respectively.

Two days back on 21st of this month, the institute registered its fresh postgraduate students. Today in the afternoon, the Director and Deans addressed the post-graduate students, organized a question and answer session where the concerns of the students were fully addressed.

With today's registration, the institute completed its plans to accommodate its students in its permanent campus at Argul. Prof. V. R. Pedireddi, a senior Professor of the Institute who will be living in the campus along with some young faculty members and staff is appointed as the Professor-in-Charge of the Campus to take care of the students and the campus matters.
