Sub: Regarding refund of exam fees. Sir/Madam, Indian institute of technology (IIT), Bhubaneswar was released an advertisement Rectt/02/Non-Teaching/2022 dated 20 May 2022. I have been applied successfully for the post of Junior Technical Superintendent (JTS) by obtaining No Objection Certificate (NOC) from my present employer. Here the breakup (Discipline/Branch wise) for posts under Junior Technical Superintendent (JTS) was not mentioned. But now on 26.07.2023(after one year to the advertisement) IIT, Bhubaneswar has released an Addendum with reference to the above mentioned advertisement, and IIT, Bhubaneswar has segregated the post for JTS discipline wise. Where there is no vacancies for ELECTRICAL ENGINEERING in OBC category. However IIT, Bhubaneswar has mentioned those who are eligible but not selected due to the addendum, the exam fees will be refund to the candidate. But here it is not mentioned when there fees will be refund to the candidate whether after the recruitment process or in between and are they giving any compensation for the mental stress that a candidate go through on this one year. So kindly take the necessary action on my application by which the applicants who are eligible but not selected due to the addendum will get refund and mental relief. I also urge you to provide a monetary compensation to the candidate for their stress that they were going through since last one year.

Reply of Application

The candidate had applied for the post of JTS in OBC category in the discipline of Electrical Engineering. However, considering the requirement of the Institute, the vacancies were identified categorywise and published subsequently in the website in an addendum dated 26.07.2023. The discipline of Electrical Engineering was not identified with any category. As such, he was not shortlisted for the recruitment examination and his refund of application fees is in process.

In the matter of: Siddharth Kumar Nim

... Appellant

VS

CPIO/ Jt. Director (Law)
Competition Commission of India
9th Floor, Office Block -1 (NBCC Tower)
Kidwai Nagar (East), New Delhi - 110 023

... Respondent

RTI application filed on 09/04/2018 CPIO replied on 08/05/2018 First appeal filed on 10/05/2018 First Appellate Authority order : 07/06/2018 : Second Appeal dated 12/06/2018 Date of Hearing : 21/11/2019 Date of Decision 21/11/2019

The following were present: Appellant: Present in person

Respondent: K D Singh, Joint Director(Law) & CPIO, present in person.

Information Sought:

The appellant has sought the following information:

- 1. Photocopies of marks obtained by all the candidates for the post of Director (FA) in written exam as well as in interview as per result declared on 27/03/2018 through file No. A-12012/1/2018-HR.
- 2. Photocopies of relevant note sheets of the file through which the result of Director (FA) was processed.

Grounds for Second Appeal The CPIO did not provide the desired information. Submissions made by Appellant and Respondent during Hearing: The appellant submitted that he is not satisfied with the reply of the CPIO denying information u/s 8(1)(j) of the RTI Act which was also upheld by the FAA. He further submitted that in the past also, CCI had declared its results for direct recruitment and published the marks of all candidates for both written & interview for those candidates who had appeared in the interview and denial of the desired information to him is really very unfortunate that

such an organization which is meant for competition & transparency don't want to follow the same practice for its own conduct. Today lot of organizations are sharing their results on their websites and in those cases Sec 8(1)(j) is not applicable and how in this particular case Sec 8(1)(j) of the RTI Act is applicable. To substantiate his contention, the appellant relied on a decision passed by a coordinate bench of this Commission in File No. CIC/YA/A/2016/000008 & CIC/YA/A/2016/000287. The relevant para of the decision is reproduced below:

"After hearing parties and perusal of record, the Commission is pained to come across the 'opaque & redundant' policy of the institute to keep the records of recruitment as best kept secrets till the time selected candidates join the offered positions. One wonders about the objective of this policy keeping public recruitments away from the public gaze. A policy which defers the disclosure of information till a point of time where any disclosure loses its importance has to be in consonance with the scheme of RTI Act. In the present case, the policy of institute is in direct conflict with the statute and thus, the statute must prevail. The Commission directs the public authority to publicize information relating to all of its recruitment processes i.e. To say, number of total applicants, marks obtained by all selected candidates at each stage of examination etc. immediately upon declaration of final result of the recruitment without waiting for the selected candidates to join. It is further clarified that any candidate can seek details of his own performance / marks awarded even prior to conclusion of recruitment subject to the exceptions as contained in Section 8 of the RTI Act. Any policy which eclipses the law is non est."

File no.: CIC/CPCOI/A/2018/137114 The CPIO submitted that an appropriate reply was provided to the appellant on 08.05.2018 which was also upheld by the FAA in his order dated 07.06.2018.

While answering to the points raised by the appellant during the hearing, he submitted that every organisation has a different policy to decide whether or not to disclose the marks of the candidates who appear for a particular post and it would be greater invasion to the privacy of any third party if the marks secured by him are disclosed to any other person other than him. To substantiate that there denial under Section 8(1)(j) of the RTI Act was apt, he relied on an order passed by the Commission in File No CIC/CC/A/2014/002971/SB dated 28.12.2015 in which following observation was made:

"The Commission observes that the information sought vide point nos. 2 and 5 of the RTI application relates to marks obtained by other candidates in the written examination. Thus, the information sought is 'personal information' related to a third party, the disclosure of which has no relationship to any public activity or interest. Hence, the disclosure of such information is exempted under Section 8(1)(j) of the RTI Act."

#### Observations:

Having heard the submissions of both the parties, it is noted that the issue for consideration is whether the marks of other candidates can be disclosed to the appellant. The main contention of the appellant is that lot of organizations are sharing their results on their websites and it may be followed by the respondent organization as well. During the hearing, the CPIO among other submissions submitted that it is their internal policy not to upload the marks of any exam on their website and in the past also no such practice was followed by them particularly for the exam in question. It is also not incumbent upon them to disclose the marks as is done in other organizations.

As far as the RTI application is concerned, the Commission agree with the submissions of the CPIO that the information related to marks obtained by other candidates other than the appellant is purely a third party information exempted u/s 8(1)(j) of the RTI Act. Further, the contention of the CPIO is also

in justified that it is their matter of policy that they do not upload the marks on their website. The Comr. sion does not find any flaw in the reply of the CPIO.

#### Decision:

Based on the above observations, the Commission upholds the submissions of the CPIO and does not find any scope for further intervention in the matter.

The appeal is disposed of accordingly.

I am applying for IIT JEE but my category is SC. Now my allotment is general category for IIT BBS. I accepted the offer. So am I consider for general category? Then again SC certificate is required or not as my allotment is to general category during document verification?	<ul> <li>(a) Based on the JOSAA business rules, the candidate who belong to GoI reserved category (e.g. SC) has a rank in the common rank list in addition to a rank in the category rank list (e.g. SC rank list). The general category candidates i.e. the candidates who does not belong to any reserved category have only a rank in the CRL. During the allotment process, the rank in the CRL of every candidate is considered first. If a candidate does not get a seat in his/her preferred IIT by virtue of the rank in CRL, then his/her category -wise rank list is considered.</li> <li>(b) The final allotment of a seat to a reserved category candidate through the rank in CRL may not follow the same path of a general category candidate. ## Report of Anti-ragging Committee Meeting on the incident reported by Anti-ragging Helpline wide No. ARCC / OR - 6298

Anti-ragging committee members (Annexure I) under the Chairmanship of Prof. V. R. Pedireddi (Dean, Student Affairs) met on 7 – 8 February, 2020, to discuss the complaint dated 5<sup>th</sup> February, 2020 (Ref.1).

The committee of the Institute, in fact, already had the prior knowledge of the incident through its Hostel Warden Council based on the information received from the complainant directly. The Warden had a discussion with the father of the student on 04th February around 1400 hrs and assured him of full safety and security of his ward in the Institute, appraising him that the Institute has a commitment of practicing 100% ragging free. Campus follows the following strategical approaches, to ensure ragging free campus since inception in 2008:-

- (a) All the 1st year students are being well secured from the day one onwards through a committed Counselling team comprising of students of the Campus led by a Professor-in-Charge and also by Student Counsellor by allocating one Student Guard (SG) for a group of 10 students with the SGs being reporting to Student Coordinators.
- (b) All the senior students were well informed about the consequences of any ragging/ misadventures and also an undertaking is being taken from each of the senior student, counter singed by the parent of their respective wards.
- (c) The 1st year students are well informed through various notices not to bump into any of the senior students for any sort of messages or requests, without a valid reason, even through social media or any networks. In case of any constant perverseness by seniors, the 1st year students are advised to meet any of the antiragging committee members immediately whose information is shared with all the students and widely publicised across the Institute in print as well as website.
- (d) Each student is also been assigned a Faculty advisor for his entire stay duration in the Campus.

(e) The entire Institute Faculty members (about 140) take part in anti-ragging night duty by staying whole night in the hostels to enhance the confidence levels of the students and to bring home being feeling.

In the light of such an environment, the incident reported surprised the Institute and initiated its own course of investigation immediately.

The committee looked into the matter very seriously with all the requisite vigour to ensure that no such incidents ever happen in the Campus in future. For this purpose, the complainant and also defendants (nine students, Annexure II) were called separately and probed into the matter in detail spending more than 12 hours.

The investigation leads to the following observation:

The complainant was never been ragged in any form since his joining and also he did not find any sort of uncomfortable situation with any of the senior students as he was never been approached by any one, either personally or through any other communicational means.

- a) The reported incident happened in the basket-ball courts situated in Mahanadi Hall of Residence (MHR), the premises of the senior students. The complainant himself had gone there on 01st February, after 2330 hrs to play basket-ball along with his another friend, Mr. Nitish, on his own from Brahmaputra Hall of Residence (BHR).
- b) The senior students who played the match for quite some time at the same court, took a break as one of them got injured. Mr. Abhishek Kumar Yadav (III year, Civil Engineering) asked the complainant to get some water for the injured, as they found him nearer to them.
- c) The complainant and Mr. Nitish could not bring water as it was not available outside the hostel and did not wish to go inside the seniors hostels to collect from the Mess Hall, which led to some squabble between the complainant and the senior students for about 5 minutes and no physical and sexual abuses happened as confirmed by the complainant.
- d) The complainant also did not inform this immediately to either Hall office or any responsible authority.
- e) After a couple of days (i.e., on 3rd February), one of the senior students (Mr. Anup Jeph, III Year, Civil Engineering) had called the complainant through his Student Guide (Mr. Abhijit Joshi, II year, Mechanical Engineering) to visit the Mahanadi

जन सूचना अधिकारी Public Information Officer

Hall of residence (MHR) to discuss further about the incident that happened in the basket-ball ground on 1st February 2020.

- f) Then about 9 students (III year, Civil Engineering), as listed in Annexure II, had started unpleasant conversation with the complainant leading almost for about 30 minutes, using a couple of slang Hindi words, despite the complainant maintained his silence to the maximum extent.
- g) The SG was found to be a mute spectator but finally took him (complainant) out of the MHR to avoid any further escalation of the arguments.

## Remarks of the Committee:

With the mechanism of anti-ragging process in place, no incident has happened in the 1st semester and also in the environment wherein all the students irrespective of year of study participate in great enthusiasm and also in a highly coordinated manner under the aegis of Student Gymkhana in the just concluded student festivals Alma Feista, Wissenaire and Esummit) wherein the 1st year students indeed play a pivotal role. The committee has looked into all possible directions to assess the incident and proceed with the punitive actions.

The reported incident happened appears to be however did not start with any intention of ragging but the situation led to the conversations at personal levels out of the ongoing exchange of communications. The incident would have been averted if the following had been taken care of and the principles of discipline strictly set by the authority.

- a) The student guide should not have taken the complainant to the MHR upon the request of the Mr. Anup Jeph. In case of any pressure from the student(s) at MHR, otherwise, the same should have been informed to the PIC-Counselling team.
- b) The complainant also not expected to go to MHR to play basketball in the late night as the 1st year students were instructed not to go to the places of senior students premises in isolation without contacting any officials of the Institute.

## Conclusions and Recommendation:

As the incident finally took place between the students of different academic sessions leading to lodging of the complainant, the committee determines this as violation of student hostel discipline guidelines. Taken into account the regulations defined by anti-

ragging law circulated by UGC and the nature of incident happened, committee did not find necessity of following legal proceedings, like lodging FIR, against the respondents. However, to ensure of not having such instances in the future, even any sort of minor incidents, committee recommends following actions to be taken against the students, based on the extent of involvement of students in this whole incident.

In the matter of: Siddharth Kumar Nim

... Appellant

VS

CPIO/ Jt. Director (Law)
Competition Commission of India
9th Floor, Office Block -1 (NBCC Tower)
Kidwai Nagar (East), New Delhi - 110 023

... Respondent

RTI application filed on 09/04/2018 CPIO replied on 08/05/2018 First appeal filed on 10/05/2018 First Appellate Authority order : 07/06/2018 : Second Appeal dated 12/06/2018 Date of Hearing : 21/11/2019 Date of Decision 21/11/2019

The following were present: Appellant: Present in person

Respondent: K D Singh, Joint Director(Law) & CPIO, present in person.

Information Sought:

The appellant has sought the following information:

- 1. Photocopies of marks obtained by all the candidates for the post of Director (FA) in written exam as well as in interview as per result declared on 27/03/2018 through file No. A-12012/1/2018-HR.
- 2. Photocopies of relevant note sheets of the file through which the result of Director (FA) was processed.

Grounds for Second Appeal The CPIO did not provide the desired information. Submissions made by Appellant and Respondent during Hearing: The appellant submitted that he is not satisfied with the reply of the CPIO denying information u/s 8(1)(j) of the RTI Act which was also upheld by the FAA. He further submitted that in the past also, CCI had declared its results for direct recruitment and published the marks of all candidates for both written & interview for those candidates who had appeared in the interview and denial of the desired information to him is really very unfortunate that

such an organization which is meant for competition & transparency don't want to follow the same practice for its own conduct. Today lot of organizations are sharing their results on their websites and in those cases Sec 8(1)(j) is not applicable and how in this particular case Sec 8(1)(j) of the RTI Act is applicable. To substantiate his contention, the appellant relied on a decision passed by a coordinate bench of this Commission in File No. CIC/YA/A/2016/000008 & CIC/YA/A/2016/000287. The relevant para of the decision is reproduced below:

"After hearing parties and perusal of record, the Commission is pained to come across the 'opaque & redundant' policy of the institute to keep the records of recruitment as best kept secrets till the time selected candidates join the offered positions. One wonders about the objective of this policy keeping public recruitments away from the public gaze. A policy which defers the disclosure of information till a point of time where any disclosure loses its importance has to be in consonance with the scheme of RTI Act. In the present case, the policy of institute is in direct conflict with the statute and thus, the statute must prevail. The Commission directs the public authority to publicize information relating to all of its recruitment processes i.e. To say, number of total applicants, marks obtained by all selected candidates at each stage of examination etc. immediately upon declaration of final result of the recruitment without waiting for the selected candidates to join. It is further clarified that any candidate can seek details of his own performance / marks awarded even prior to conclusion of recruitment subject to the exceptions as contained in Section 8 of the RTI Act. Any policy which eclipses the law is non est."

File no.: CIC/CPCOI/A/2018/137114 The CPIO submitted that an appropriate reply was provided to the appellant on 08.05.2018 which was also upheld by the FAA in his order dated 07.06.2018.

While answering to the points raised by the appellant during the hearing, he submitted that every organisation has a different policy to decide whether or not to disclose the marks of the candidates who appear for a particular post and it would be greater invasion to the privacy of any third party if the marks secured by him are disclosed to any other person other than him. To substantiate that there denial under Section 8(1)(j) of the RTI Act was apt, he relied on an order passed by the Commission in File No CIC/CC/A/2014/002971/SB dated 28.12.2015 in which following observation was made:

"The Commission observes that the information sought vide point nos. 2 and 5 of the RTI application relates to marks obtained by other candidates in the written examination. Thus, the information sought is 'personal information' related to a third party, the disclosure of which has no relationship to any public activity or interest. Hence, the disclosure of such information is exempted under Section 8(1)(j) of the RTI Act."

#### Observations:

Having heard the submissions of both the parties, it is noted that the issue for consideration is whether the marks of other candidates can be disclosed to the appellant. The main contention of the appellant is that lot of organizations are sharing their results on their websites and it may be followed by the respondent organization as well. During the hearing, the CPIO among other submissions submitted that it is their internal policy not to upload the marks of any exam on their website and in the past also no such practice was followed by them particularly for the exam in question. It is also not incumbent upon them to disclose the marks as is done in other organizations.

As far as the RTI application is concerned, the Commission agree with the submissions of the CPIO that the information related to marks obtained by other candidates other than the appellant is purely a third party information exempted u/s 8(1)(j) of the RTI Act. Further, the contention of the CPIO is also

in justified that it is their matter of policy that they do not upload the marks on their website. The Comr. sion does not find any flaw in the reply of the CPIO.

### Decision:

Based on the above observations, the Commission upholds the submissions of the CPIO and does not find any scope for further intervention in the matter.

The appeal is disposed of accordingly.
