At IIT Bhubaneswar, the IITBBS Research and Entrepreneurship Park, a Section 8 company, plays a vital role in supporting innovative start-ups. While the park itself does not provide direct financial support, it serves as an enabling platform for start-ups to access various funding opportunities through grants and investors.

Key Support Mechanisms Offered:

1. **Mentorship and Guidance:**
The Research and Entrepreneurship Park connects start-ups with experienced mentors from academia and industry. These mentors assist entrepreneurs in refining their business models, technology solutions, and go-to-market strategies, making them more attractive to potential investors and grant providers.
2. **Infrastructure Support:**
Start-ups are provided with physical space such as co-working offices and access to state-of-the-art labs and research facilities. This reduces the upfront costs for start-ups, allowing them to focus on product development and innovation without worrying about high operational costs.
3. **Access to Funding Sources:**
Although the park does not directly provide financial support, it acts as a bridge between start-ups and various funding sources:
 - o **Government Grants:** The park assists start-ups in applying for government-backed grants which offer financial assistance to start-ups focused on innovation and R&D.
 - o **Investor Networks:** The park leverages its network of angel investors, venture capitalists, and corporate partners to help start-ups secure equity-based funding. This access to a pool of investors enables start-ups to raise early-stage capital and grow their business.
4. **Grant Writing and Proposal Assistance:**
For start-ups seeking grants, the park provides assistance with grant applications and proposal writing, improving their chances of securing funds. The expertise offered through this process aligns start-ups with the objectives of grant-awarding bodies, maximizing their opportunities for financial support.
5. **Start-up Competitions and Challenges:**
The park regularly organizes innovation challenges, hackathons, and pitch competitions, where start-ups can showcase their solutions to potential investors and stakeholders. These events often offer cash prizes or funding opportunities, providing start-ups with an additional avenue to secure financial backing.

1. The appellant Mr. Kush Panchal has sought some information from PIO vide application Registration No. IITBB/R/T/24/00093 dated 01.08.2024.
2. The PIO after considering the aforesaid application has provided information as desired by the applicant on 23.08.2024.
3. Perused the application dated 01.08.2024 of the appellant and action taken by the PIO thereon.
4. The information asked was for 10 decades in the original RTI application, not for 10 years. Even if it is for 10 years, the information sought in this appeal is voluminous, which cannot be complied without disproportionate diversion of resources of the public authority. For the reason stated above and in respect of Section 7 (9) of the RTI Act, 2005, information is not available.
5. Hence, I do not find any infirmity in the manner of disposal of the application by the PIO and therefore I hold the appeal has no merit.

Accordingly, the appeal is disposed of.

Thanking you,
Regards,

First Appellate Authority

2. The CPIO replied vide letter dated 03.03.2023 and the same is reproduced as under:-

"Point (i) - The desired result sheet is provided to your son; you may collect the same.

Point (ii) - Similar question was asked through PM grievance portal and our answer was uploaded on 14.11.2022. You may refer to the same.

Point (iii) - IIT Bhubaneswar never allotted any of its members as local guardian of the students.

Point (iv) - It will be better to collect the information from your son. We have no such record.

3. Dissatisfied with the response received from the CPIO, the Appellant filed a First Appeal dated 15.03.2023 alleging that the information provided was incomplete, false and misleading. The FAA's order dated 02.05.2023 upheld the reply of CPIO.

4. Aggrieved with the FAA's order, the Appellant approached the Commission with the instant Second Appeal dated 02.05.2023.

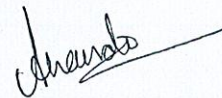

5. The appellant attended the hearing in-person and on behalf of the respondent Shri Pradeep Kumar Sahu, Deputy Registrar and CPIO, attended the hearing through video conference.

6. The appellant *inter alia* submitted that he wanted to know the results and performance of his son, a student in IIT Bhubaneswar. He further stated that his son was not in talking terms with him and he was concerned for his son's welfare and had sought the information in good faith.

7. The respondent while defending their case *inter alia* submitted that the appellant's son Mr. Rajiv Rath had submitted his written objections in disclosing any information related to him to Mr. Sankar Prasad Rath. The CPIO further explained that the marks and performance assessment of a student was also accessible to the students as well as their parents through an online portal by logging in to the system. Therefore, on receipt of the written objections from Mr. Rajiv Rath, they were not in a position to disclose the information sought in the RTI application to the appellant.

8. The Commission after adverting to the facts and circumstances of the case, hearing both parties and perusal of records, observes that appropriate reply was given by the respondent. Moreover, the respondent uploaded the appellant's objection letter intimating his refusal of consent to disclose information related to him. That being so, there appears to be no infirmity with the reply given by the respondent. Accordingly, the appeal is dismissed.

Copy of the decision be provided free of cost to the parties.

Dear Sir,

With reference to your above RTI application received on 06th November 2024, the relevant information held with the Public Authority (IIT Bhubaneswar) is as follows:

Sl. No.	Information Sought (The information sought has been divided into three parts i.e. SL. No. 1, 2 & 3.)	Information provided
1	I seek information under the RTI Act, 2005, regarding the authority of Indian Institutes of Technology (IITs) under Chapter 2, Clause 6, points (f) and (g) of The Institutes of Technology Act, 1961, which grants IITs the power to supervise residence, regulate discipline, and promote the health and general welfare of students. Specifically, do these provisions permit IITs to impose mandatory participation in sports or physical education activities as part of their curriculum, including setting minimum attendance requirements for such activities to qualify for course completion or degree eligibility?	There is no such provisions in the Institute curriculum.
2	Does this authority extend to the imposition of cultural agency over students, such as making these sports activities compulsory or part of their curriculum, even if they do not carry academic credits? If so, are there any guidelines or circulars from the Ministry of Education that clarify how student autonomy should be balanced with such institutional mandates?	Public authority under the RTI Act is not supposed to create information or to furnish replies to hypothetical questions. Only such information can be provided under the Act which already exists with the public authority. Moreover, this is not an information under section 2 (f) of the RTI Act, 2005.

	Additionally, is there an established grievance redressal mechanism for students who believe that these requirements impose undue physical or mental strain or violate their personal autonomy?	Yes, there is established grievance redressal mechanism for the students.
3	Ultimately, if an IIT mandates a certain percentage of attendance in these sports courses, does Indian law allow them to do so, and if the answer is yes, under what provisions is this explicitly mentioned, and does it or does it not supersede Article 21 of the Constitution?	Public authority under the RTI Act is not supposed to create information or to furnish replies to hypothetical questions. Only such information can be provided under the Act which already exists with the public authority.

In case you desire to submit an appeal against above reply to your RTI, you may prefer an appeal to Shri Bamadev Acharya, First Appellate Authority, IIT Bhubaneswar, Administrative Building, IIT Bhubaneswar, Aragul, Jatni, Khordha, Odisha, Pin – 752 050 as per rules.

Sub: - Reply to the RTI Appeal No. Nil, dated 31/01/2025.

Dear Sir,

With reference to your above RTI Appeal No. Nil, dated 31.01.2025 received via email the relevant information pertaining to IIT Bhubaneswar is given as under: -

Para No.	Query by the Appellant	Reply by First Appellant Authority
3.	That the PIO rejected most of the information sought by quoting provisions of Section 8 of the RTI Act. It is submitted that quoting section 8 of RTI ad libitum to deny the information requested for, by CPIOs/Appellate Authorities without giving any justification or grounds as to how these provisions are applicable is simply unacceptable and clearly amounts to malafide denial of legitimate information attracting penalties under section 20(1) of the Act, as held in the judgment of Dhananjay Tripathi v. Banaras Hindu University CIC / OK / A / 2006 / 00163.	The appellant has taken recourse by citing the CIC order in Dhananjay Tripathi v. Banaras Hindu University CIC/OK/A/2006/00163 . The said decision is plainly distinguishable on facts and has no relevance to the present case. The <i>Dhananjay</i> order relates to disclosure of an inquiry report pertaining to the death of a student inside the BHU campus whereas the present case is related to recruitment matter. In the present case the PIO has furnished all information available on record. Any non-disclosure of information is justified as per the exemptions in the RTI act and devoid of any malafide intent on part of the PIO.
5.	The information sought in question 1 regarding details of marks obtained by successful candidate was not provided on baseless grounds. The cutoff marks of selection need to be declared/disclosed to the candidates to ensure transparency in selection. How can a candidate discover as to how much mark he is short of the cutoff marks. When only one candidate is selected his marks need to be declared for the information of all candidates. IIT is supposed to declare marks of all four candidates who appeared in Interview. Not disclosing marks of candidates selected gives serious doubts regarding selection process. IIT be directed to disclose marks of candidates selected and the applicant.	Information sought in respect of the selected applicant are personal information, the disclosure of which has no relationship to any public activity or interest. This would cause unwarranted invasion of the privacy of the individual and disclosure of which is exempted under the provisions of Section 8(1) (j) of the RTI Act. In Shri Rakesh Kumar Singh & other v/s Shri Harish Chander, Lok Sabha Secretariat & others dated 23.4.2007 (Complaint. No CIC/WB/C/2006/00223 it has been ruled: <i>If a written examination is held for the purpose of selection or promotion, the concerned candidate may ask for a copy of the evaluated answer sheet from the authority conducting such test/</i>

6.	<p>The information sought in question 2 regarding details of marks/copy of successful candidate was not provided citing section 8(1) (j) as personal information. How come the qualifying marks for a post obtained by successful candidate is a personal information, is beyond understanding and the PIO should be penalised for harassing and withholding information with malafide intent. PIO be directed to forthwith declare the marks of successful candidate. It is pertinent to mention here that the copy of answer sheet supplied to the applicant contains overwriting and cutting of marks which gives serious doubts to the fairness of IIT.</p>	<p><i>examination. The right to get an evaluated answer sheet does not, however, extend to claiming inspection of or getting a copy of the valuated answer sheets concerning other persons in which case, if the concerned CPIO decides to disclose the information, he will have to follow the procedure laid down under Section 11 of the Right to Information Act.</i></p> <p>The CIC order reiterates the legal precedent that answer sheets of other candidates in written examination cannot be shared and doing so will violate privacy under section 8 (1)(j) of RTI Act, 2005.</p> <p>The information related to marks obtained by other candidates other than the appellant is purely a third party information exempted u/s 8(1)(j) of the RTI Act as decided in Siddharth Kumar Nim vs Competition Commission Of India (CCI Order CIC/CPCOI/A/2018/137114/02218)</p>
7.	<p>The information sought in question 3 and 5 regarding recommendation of selection committee was not provided citing exemption under Section-8(1)(g) of Act. This gives serious doubt that the recommendation of the committee was not followed due to some ulterior motive. The name and designation of 6 members of committee is not disclosed for the reason best known to PIO. However the Registrar and Director of IIT both were present in the selection committee as I can identify their faces from the photograph available on the website. Further PIO be directed to give name and details of marks provided by each member of committee and to supply their recommendation to the institute.</p>	<p>The application of section 8(1)(g) has been explained <i>in toto</i> in Supreme Court judgment in <u>Bihar Public Service Commn vs Saied Hussain Abbas Rizwi & Anr.</u> The relevant excerpt from the judgment mentioned in para 30 of the judgment is reproduced below:</p> <p><i>The disclosure of names and addresses of the members of the Interview Board would ex facie endanger their lives or physical safety. The possibility of a failed candidate attempting to take revenge from such persons cannot be ruled out. On the one hand, it is likely to expose the members of the Interview Board to harm and, on the other, such disclosure would serve no fruitful much less any public purpose.</i></p> <p>As a law abiding institute, IIT BBS is dutifully bound to follow the law of the land including law declared by the Supreme Court of India under Article 141 of the Indian Constitution.</p>
8.	<p>The information sought in question 6 to 8, 10 and 11 were not provided deliberately without any cogent reason. The essential qualification in Legal work as per advertisement is lacking in the selected candidate. The PIO be directed to supply the experience details of selected candidate considered in selection. The PIO is silent on the contention that teaching experience cannot be considered for a non-teaching post.</p>	<p>The questions mentioned in the paras 6 to 8, 10 and 11 seeks clarification. RTI Act does not address questions which are clarificatory in nature. The RTI Act does not give powers to the PIO to create information or interpret/ clarify/ deduct information in respect of queries/clarifications as per decision of the order in M Jameel Basha Vs. CPIO, DoPT, New Delhi, CIC/MPERS/A/2017/158527/SD. The RTI Act provides access to all information that is available and existing. This is clear from a combined reading of section 3 and the definitions of 'information' and 'right to information' under clauses (f) and (j) of section 2 of the Act.</p>

		The First Appellate Authority observes from the examination of facts on record that the information sought in the RTI Application is not as per Section 2(f) of RTI Act as the Appellant has sought for clarification and interpretation from the PIO based on queries. The PIO has provided an appropriate reply leaving no further scope of intervention at this stage.
9.	The information sought in question 9 regarding waitlist of candidate replied in "yes" but no list is supplied. The waitlist of candidate is not published on website nor supplied it to the applicant. PIO be directed to supply and publish the wait list of candidate.	The appellant in the question no. 9 mentioned in the RTI application asked whether any 'waitlist of candidates' prepared as per clause 2.12 of recruitment and promotion policy'. Since it's a 'yes' or 'no' question the PIO only gave an affirmative reply with a 'yes'. The appellant did not ask for the waiting list of candidates and hence, not provided.
10.	That the Hon'ble Supreme Court in the case of Anuradha Bhasin vs Union of India(2020) 3 SCC 367 , has held that Article 19 of the Constitution has been interpreted to mandate right to information as an important facet of the right to freedom of speech and expression. A democracy, which is sworn to transparency and accountability, necessarily mandates the production of orders as it is the right of an individual to know. Moreover, fundamental rights itself connote a qualitative requirement wherein the State has to act in a responsible manner to uphold Part III of the Constitution and not to take away these rights in an implied fashion or in casual and cavalier manner. Second, there is no dispute that democracy entails free flow of information. There is not only a normative expectation under the Constitution, but also a requirement under natural law, that no law should be passed in a clandestine manner..."	The referred judgment of Anuradha Bhasin is not applicable to the present facts and circumstances of the appeal filed by the appellant. The said judgment dealt with constitutional validity of internet shutdowns in the context of national security where has the incontrovertible facts of the present case pertains to recruitment procedure in a central autonomous body. Rights under Article 19 is neither absolute nor unqualified and subject to reasonable restrictions under Clause 2 of Article 19. Similarly, rights under RTI is not absolute and subject to reasonable restrictions as mentioned in the Aditya Bandhopadhyaya case in para 33 reproduced below: <i>The Act seeks to bring about a balance between two conflicting interests, as harmony between them is essential for preserving democracy. One is to bring about transparency and accountability by providing access to information under the control of public authorities. The other is to ensure that the revelation of information, in actual practice, does not conflict with other public interests which include efficient operation of the governments, optimum use of limited fiscal resources and preservation of confidentiality of sensitive information. The preamble to the Act specifically states that the object of the Act is to harmonise these two conflicting interests. While sections 3 and 4 seek to achieve the first objective, sections 8, 9, 10 and 11 seek to achieve the second objective. Therefore, when section 8 exempts certain information from being disclosed, it should not be considered to be a fetter on the right to information, but as an equally important provision protecting other public interests essential for the fulfilment and preservation of democratic ideals.</i>
11.	That the Hon'ble High Court of Delhi in the case of Union of India vs R.S Khan [W.P.(C) 9355/2009], whereby the Court has held that Section 8(1)(g) cannot be invoked on the basis of 'mere apprehension' and	The reference to judgment Union of India vs R.S Khan [W.P.(C) 9355/2009] has no relevance in context of RTI in competitive exams. The judgment dealt with disclosure of information related to disciplinary proceedings. The

	there must be some basis to invoke this provision.	application of section 8(1)(g) has been explained in <i>toto</i> in Supreme Court judgment in <u>Bihar Public Service Commn vs Saiyed Hussain Abbas Rizwi & Anr as mentioned in reply to para no.7.</u>

In view of above, the appeal disposed off.
