## IIT holds plantation drive on Environment Day

PNS ■ Bhubaneswar

The Indian Institute of Technology (IIT) Bhubaneswar celebrated the World Environment Day in line with the theme of the year, 'Inspired by Nature. For Climate. For Our Future'. The institute conducted a plantation drive inside the campus and planted around 100 avenue, fruit-bearing and flowering plants.

Prof Shreepad Karmalkar, Director, IIT Bhubaneswar, inaugurated the plantation drive. Professors, Shruti Karmalkar, President, Residential Clubs of the institute;

faculty members, staffs, students, NSS volunteers and residents of the campus participated in this drive.

Notably, the IIT Bhubaneswar campus, spanning about 936 acres, is home

to more than 50,000 evergreen and deciduous flowers and fruit-bearing trees. The institute has also prohibited the use of single-use plastic inside the campus as a commitment towards the environment. The

institute has successfully implemented the 'Cycling Culture' among the students, inculcating in them a consciousness of both health and fitness as well as nurturing the surrounding nature.

## IIT Bhubaneswar organizes plantation drive

### Bhubaneswar, June 5:

Reaffirming its commitment to sustainability, the Indian Institute of Technology (IIT) Bhubaneswar celebrated World Environment Day 2026 with a plantation drive on its sprawling campus. The event was aligned with this year's global theme, 'Inspired by Nature. For Climate. For Our Future'.

The plantation drive was inaugurated by Prof. Shreepad Karmalkar, Director, IIT Bhubaneswar. Around 100 saplings – including avenue trees, fruit-bearing plants, and

flowering species – were planted across the campus by participants.

The drive saw enthusiastic participation from senior officials including Prof. Vijay Shankar Pasupureddi, Dean (Sponsored Research & Industrial Consultancy), Prof. Sarat Kumar Panda, Chairperson-Infrastructure, Shri Bamadev Acharya, Registrar, and Smt. Shruti Karmalkar, President, Residential Clubs of the Institute. Faculty members, staff, students, NSS volunteers, and campus residents also joined in. The programme

was coordinated by Shri Kamireddy Visweswara Reddy, Horticulturist of the Institute.

The IIT Bhubaneswar campus, spread over approximately 936 acres, is already home to more than 50,000 evergreen and deciduous trees, along with numerous flower and fruit-bearing varieties. As part of its eco-conscious policies, the Institute has prohibited single-use plastic within campus premises. It has also successfully fostered a 'Cycling Culture' among students, promoting both physical fitness

and environmental awareness.

Speaking on the occasion, Institute officials reiterated IIT Bhubaneswar's dual mission: developing world-class infrastructure while preserving and nurturing the natural environment. The plantation drive reflects the Institute's broader vision of transforming into a hub of education and intellect that coexists harmoniously with nature. With initiatives like these, IIT Bhubaneswar continues to set an example of how academic institutions can lead climate action at the grassroots level.

## IIT Bhubaneswar celebrated World Environment Day

Jatni 5th June 2026: Indian Institute of Technology (IIT) Bhubaneswar, reiterating its commitment towards a clean and green environment, celebrated World Environment Day in line with the theme of the year, 'Inspired by Nature. For Climate. For Our Future'. To mark the occasion, the Institute conducted a plantation drive inside the campus and planted around 100 avenue, fruit-bearing and flowering plants. Prof. Shreepad Karmalkar, Director, IIT Bhubaneswar inaugurated the plantation drive. Among others, Prof. Vijay Shankar Pasupureddi, Dean (Sponsored Research & Industrial Consultancy); Prof. Sarat Kumar Panda, Chairperson-Infrastructure; Dr. Narsa

Reddy Tumuru, Co-Chairperson-Infrastructure; Shri Bamadev Acharya, Registrar; Dr. Sivaiah Bathula, NSS Coordinator; Shri K. Rabin Kumar Dora, Superintending Engineer; Smt. Shruti Karmalkar, President, Residential Clubs of the Institute; faculty members, staff, students, NSS volunteers and residents of the campus participated in this drive and planted saplings. Shri Kamireddy Visweswara Reddy, Horticulturist of the Institute, coordinated the

programme. It may be mentioned that the IIT Bhubaneswar campus, spanning about 936 acres, is home to more than 50,000 evergreen and deciduous flowers and fruit-bearing trees. The Institute has also taken several initiatives towards keeping the campus clean and green. The Institute has also prohibited the use of single-use plastic inside the

premises of the campus, as a commitment towards the environment. IIT Bhubaneswar is highly committed to protecting the natural environment while developing infrastructure to turn this place into a hub of education and intellect. The Institute has successfully implemented the 'Cycling Culture' among the students, inculcating in them a consciousness of both health and fitness, as well as nurturing the surrounding nature.
